Science
We will be learning about animals and how we can sort and classify them based on their characteristics.

In Forest Schools, we will continue our work on exploring the natural environment and how this changes with the seasons as autumn begins to creep in.

History
We will be plotting key events on a timeline linked to the Terry and the Rowntree family. We will be learning more about these significant historical figures from our local area and the impact they had on our city.

York, Glorious York!
Year 1&2
Autumn 2026

Art
We will be developing our sketching techniques, focussing on lines to create a self portrait. We complete these every autumn term to show progression in our art skills.

DT
We will be exploring sweet treats and their packaging to design our own 'trail mix'.

Computing
We will be introducing the Chromebooks, learning how to log on and off. This half term we will be learning to create pictograms using purple mash.

Music
We will be learning the song 'Round and Round' and exploring how we can use our bodies to add percussion to a song.

Jigsaw (PSHE)
In Jigsaw, our first unit is 'Being Me in My World' where we will be exploring how we can work together to create a safe and fair classroom.

PE
With Mr Simms, we will be developing our basic skills of moving, throwing and catching through multi-sports.
